

Sustainability and Responsibility

Ecology and Economy

Certificate

**heroal - Johann Henkenjohann
GmbH & Co. KG
33415 Verl**

is member of A|U|F e.V. and has proven active commitment to aluminium and environment in the window and curtain walling industry.

- A|U|F ensures sustainable protection of the environment by re-using aluminium scrap originating from production and dismantled components on the basis of the aluminium recycling loop. End-of-life aluminium windows/doors/curtain walling elements are converted into new products.
- A|U|F ensures a qualified aluminium recycling loop in Germany and Europe.
- A|U|F guarantees that this valuable material remains in Germany and Europe.
- A|U|F ensures ecological processing of aluminium.

This certificate is valid until January 31, 2026 and will be reissued after its validity if the above-mentioned company continues to participate in the A|U|F recycling cycle.

Frankfurt am Main, den 01.01.2025

Thomas Lauritzen, Vorsitzender des A|U|F e.V.
